

# CHAMOMILLA

*hypersensitivity*

- Great irritability; anger
- Inconsolable
- Aversion to being touched, but will cry if not carried
- Oversensitive to pain
- One red cheek, one pale cheek
- Painful or difficultly in teething
- Acute or chronic earaches or infections; ear pain worse from touch
- Diarrhea smells like "rotten egg"
- Insomnia; wakes often
- Colic in babies
- Menstrual cramps that come and go in waves
